4. Corrupt, Fraudulent, Collusive, Coercive (or Obstructive in case of Development Partner) Practices	a T a c ir e 4.2 F	The Government and the Development Partner, if applicablerequires that the Procuring Entity as well as the Tenderers and Contracts (including , sub-contractors, agents, personnel, consultants, and service providers)shall observe the highest standard of ethics during mplementation of procurement proceedings and the execution of Contracts under public funds. For the purposes of ITT Sub Clause 4.3, the terms set forth below as follows:
		<ul> <li>a) "corrupt practice" means offering, giving or promising to give, receiving, or soliciting either directly or indirectly, to any officer or employee of the Procuring Entity or other public or private authority or individual, a gratuity in any form; employment or any other thing or service of value as an inducement with respect to an act or decision or method followed by the Procuring Entity in connection with a Procurement proceeding or Contract execution;</li> </ul>
	(1	<li>b) "fraudulent practice" means the misrepresentation or omission of facts in order to influence a decision to be taken in a Procurement proceeding or Contract execution;</li>
	(1	c) "collusive practice" means a scheme or arrangement between two (2) or more Persons, with or without the knowledge of the Procuring Entity, that is designed to arbitrarily reduce the number of Tenders submitted or fix Tender prices at artificial, non-competitive levels, thereby denying the Procuring Entity the benefits of competitive price arising from genuine and open competition;
	(1	d) "coercive practice" means harming or threatening to harm, directly or indirectly, Persons or their property to influence a decision to be taken in the Procurement proceeding or the execution of a Contract, and this will include creating obstructions in the normal submission process used for Tenders.
	(1	e) "Obstructive practice" (applicable in case of Development Partner) means deliberately destroying, falsifying, altering or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede an investigation into allegations of a corrupt, fraudulent, coercive or collusive practice; and /or threatening, harassing or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation.
	c k E a	Should any corrupt, fraudulent, collusive, coercive (or obstructive in case of Development Partner) practice of any kind is determined by the Procuring Entity or the Development Partner, if applicable, this will be dealt in accordance with the provisions of the Public Procurement Act and Rules and Guidelines of the Development Partners as stated in the ITT sub-clause 3.3.
12 Rr Xtor a	··· Sya	

	In case of obstructive practice, this will be dealt in accordance with Development Partners Guidelines.
4.4	If corrupt, fraudulent, collusive, coercive (or obstructive in case of Development Partner) practices of any kind is determined by the Procuring Entity against any Tenderer or Contracts (including sub-contractors, agents, personnel, consultants, and service providers) in competing for, or in executing, a contract under public fund:
	<ul> <li>(a) Procuring Entity and/or the Development Partner shall exclude the concerned Tenderer from further participation in the concerned procurement proceedings;</li> </ul>
	(b) Procuring Entity and/or the Development Partner shall reject any recommendation for award that had been proposed for that concerned Tenderer;
	(c) Procuring Entity and/or the Development Partner shall declare, at its discretion, the concerned Tenderer to be ineligible to participate in further Procurement proceedings, either indefinitely or for a specific period of time;
	(d) Development Partner shall sanction the concerned Tenderer or individual, at any time, in accordance with prevailing Development Partner' sanctions procedures, including by publicly declaring such Tenderer or individual ineligible, either indefinitely or for a stated period of time: (i) to be awarded a Development Partner-financed contract; and (ii) to be a nominated sub-contractor, consultant, manufacturer or Contractor, or service provider of an otherwise eligible firm being awarded a Development Partner-financed contract; and
	(e) Development Partner shall cancel the portion of the loan allocated to a contract if it determines at any time that representatives of the Procuring Entity or of a beneficiary of the loan engaged in corrupt, fraudulent, collusive, coercive or obstructive practices during the procurement or the execution of that Development Partner financed contract, without the Procuring Entity having taken timely and appropriate action satisfactory to the Development Partner to remedy the situation.
4.5	Tenderer shall be aware of the provisions on corruption, fraudulence, collusion, coercion (and obstruction, in case of Development Partner) of the Public Procurement Act, 2006, the Public Procurement Rules, 2008 and others as stated in GCC Clause 38.
4.6	In further pursuance of this policy, Tenderers, Contractors and their sub-contractors, agents, personnel, consultants, service providers shall permit the Government and the Development Partner to inspect any accounts and records and other documents relating to the Tender submission and

|                                   | 5.12 | These above requirements for eligibility will extend, as applicable, to each JV partner and Subcontractor proposed by the Tenderers.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|                                   | 5.13 | Tenderers shall have the up-to-date valid license(s), issued by the corresponding competent authority, as specified in the <b>TDS</b> .                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |
| 6. Eligible Plant and<br>Services | 6.1  | The plant and services to be supplied under the contract are eligible, unless their origin is from a country specified in the <b>TDS</b> and all expenditures under the contract will be limited to such plant, and services.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|                                   | 6.2  | For purposes of this Clause, the term "plant" means<br>permanent plant, equipment, machinery, apparatus, articles<br>and things of all kinds to be provided in the facilities; and<br>"installation services" means all those services ancillary to<br>the supply of the Plant for the Facilities, such as<br>transportation and provision of marine or other similar<br>insurance, inspection, expediting, site preparation,<br>installation, testing, pre-commissioning, commissioning,<br>operations, maintenance, the provision of operations and<br>maintenance manuals, training etc                                                                                                                                                                                                |
|                                   | 6.3  | For purposes of this clause, "origin" means the place where<br>the plant, or component parts thereof are mined, grown,<br>produced or manufactured, and from which the services are<br>provided. Plant components are produced when, through<br>manufacturing, processing, or substantial or major<br>assembling of components, a commercially recognized<br>product results that is substantially different in its basic<br>characteristics or in purpose or utility from its components<br>orcountry where the goods have been mined, grown,<br>cultivated, produced, manufactured or processed; or through<br>manufacture, processing, or assembly, another commercially<br>recognized article results that differs substantially in its basic<br>characteristics from its components. |
|                                   | 6.4  | The origin of plant & equipment is distinct from the nationality<br>of the Tenderer. The nationality of the firm that produces,<br>assembles, distributes, or sells the goods shall not determine<br>their origin.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
| 7. Site Visit                     | 7.1  | The Tenderer is advised to visit and examine the site<br>where the plant is to be installed and its surroundings and<br>obtain for itself on its own responsibility all information that<br>may be necessary for preparing the tender and entering<br>into a contract for the provision of Plant and Installation<br>Services.                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
|                                   | 7.2  | The Tenderer and any of its personnel or agents will be<br>granted permission by the Employer to enter upon its<br>premises and lands for the purpose of such visit, but only<br>upon the express condition that the Tenderer, its<br>personnel, and agents will release and indemnify the                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| 47. Evaluation Process         | 47.1 TEC may consider a Tender Offer as responsive in the Evaluation, only if it is submitted in compliance with the mandatory requirements set out in the Tender Document. The evaluation process should begin immediately after Technical Offer opening following Two steps:   |
|                                | (a) Preliminary examination  |
|                                | (b) Technical examination and responsiveness   |
| 48. Preliminary<br>Examination | 48.1 Compliance, adequacy and authenticity of the documentary evidences for meeting the qualification criterion specified in the corresponding section of the Tender document shall have to be preliminarily examined and verified.  |
|                                | 48.2 The TEC shall firstly examine the Tenders to confirm that all documentation requested in ITT Clause 24 has been provided. Examination of the compliance, adequacy and authenticity of the documentary evidence may follow the order below:  |
|                                | <ul> <li>(a) verification of the completeness of the eligibility declaration in the Tender Submission Letter (Form PG5A-1), to determine the eligibility of the tenderer as stated under ITT Sub-Clause 24(h). | 31.2 | Program of Performance   |
|------|--|
|      | Within twenty-eight (28) days after the Effective Date, the Contractor shall submit to the Project Manager a detailed program of performance of the Contract, made in a form acceptable to the Project Manager and showing the sequence in which it proposes to design, manufacture, transport, assemble, install and Pre Commission the Facilities, as well as the date by which the Contractor reasonably requires that the Employer shall have fulfilled its obligations under the Contract so as to enable the Contractor to execute the Contract in accordance with the program and to achieve Completion, Commissioning and Acceptance of the Facilities in accordance with the Contract. The program so submitted by the Contractor shall accord with the Time Schedule included in the Appendix to the Contract Agreement titled Time Schedule, and any other dates and periods specified in the Contract. The Contractor shall update and revise the program as and when appropriate or when required by the Project Manager, but without modification in the Times for Completion specified in the PCC pursuant to Sub-Clause 24.1 and any extension granted in accordance with GCC Clause 65.1, and shall submit all such revisions to the Project Manager. |
| 31.3 | Progress Report<br>The Contractor shall monitor progress of all the activities<br>specified in the program referred to in GCC Sub-Clause 31.2<br>above, and supply a progress report to the Project Manager<br>every month.  |
|      | The progress report shall be in a form acceptable to the Project<br>Manager and shall indicate: (a) percentage completion achieved<br>compared with the planned percentage completion for each<br>activity; and (b) where any activity is behind the program, giving<br>comments and likely consequences and stating the corrective<br>action being taken.   |
| 31.4 | <b>Progress of Performance</b><br>If at any time the Contractor's actual progress falls behind the<br>program referred to in GCC Sub-Clause 31.2, or it becomes<br>apparent that it will so fall behind, the Contractor shall, at the<br>request of the Employer or the Project Manager, prepare and<br>submit to the Project Manager a revised program, taking into<br>account the prevailing circumstances, and shall notify the Project<br>Manager of the steps being taken to expedite progress so as to<br>attain Completion of the Facilities within the Time for Completion<br>under GCC Sub-Clause 24.1, any extension thereof entitled<br>under GCC Sub-Clause 65.1, or any extended period as may<br>otherwise be agreed upon between the Employer and the<br>Contractor.  |
| 31.5 | <b>Procedures</b><br>The Contract shall be executed in accordance with the Contract<br>Documents including the procedures given in the Forms and<br>Procedures of the Employer's Requirements. The Contractor may<br>execute the Contract in accordance with its own standard project<br>execution plans and procedures to the extent that they do not   |

|--|--|--|--|--|--|--|
|  | 40.1.1 Commissioning of the Facilities or any part thereof shall be<br>commenced by the Contractor immediately after issue of the<br>Completion Certificate by the Project Manager, pursuant to<br>GCC Sub-Clause 39.5, or immediately after the date of the<br>deemed Completion, under GCC Sub-Clause 39.6.  |  |  |  |  |  |
|  | 40.1.2 The Employer shall supply the operating and maintenance<br>personnel and all raw materials, utilities, lubricants,<br>chemicals, catalysts, facilities, services and other matters<br>required for Commissioning.   |  |  |  |  |  |
|  | 40.1.3 In accordance with the requirements of the Contract, the Contractor's and Project Manager's advisory personnel shall attend the Commissioning, including the Guarantee Test, and shall advise and assist the Employer.  |  |  |  |  |  |
|  | 40.2 Guarantee Test  |  |  |  |  |  |
|  | 40.2.1 Subject to GCC Sub-Clause 40.5, the Guarantee Test<br>and repeats thereof shall be conducted by the Contractor<br>during Commissioning of the Facilities or the relevant<br>part thereof to ascertain whether the Facilities or the<br>relevant part can attain the Functional Guarantees<br>specified in the Appendix to the Contract Agreement<br>titled Functional Guarantees. The Employer shall<br>promptly provide the Contractor with such information as<br>the Contractor may reasonably require in relation to the<br>conduct and results of the Guarantee Test and any<br>repeats thereof. |  |  |  |  |  |
|  | 40.2.2 If for reasons not attributable to the Contractor, the Guarantee Test of the Facilities or the relevant part thereof cannot be successfully completed within the period from the date of Completion <b>specified in the PCC</b> or any other period agreed upon by the Employer and the Contractor, the Contractor shall be deemed to have fulfilled its obligations with respect to the Functional Guarantees, and GCC Sub-Clauses 43.2 and 43.3 shall not apply.  |  |  |  |  |  |
|  | 40.3 Operational Acceptance  |  |  |  |  |  |
|  | 40.3.2 At any time after any of the events set out in GCC Sub-<br>Clause 40.3.1 have occurred, the Contractor may give a<br>notice to the Project Manager requesting the issue of an<br>Operational Acceptance Certificate in the form provided in<br>the Employer's Requirements (Forms and Procedures)in<br>respect of the Facilities or the part thereof specified in<br>such notice as of the date of such notice.   |  |  |  |  |  |
|  | 40.3.3 The Project Manager shall, after consultation with the Employer, and within seven (7) days after receipt of the Contractor's notice, issue an Operational Acceptance Certificate.   |  |  |  |  |  |

#### Appendix 2. Price Adjustment: Not Applicable

Prices payable to the Contractor, in accordance with the Contract, shall be subject to adjustment during performance of the Contract to reflect changes in the cost of labor and material components, in accordance with the following formula:

The Contract is subject to price adjustment applying the following formulae and the weightings or coefficients :

[Price Adjustment Formulae to be applicable if stated under ITT Sub Clause 26.9 shall be specified here]

#### Example:

P=A + a (Lm/Lo)+ b (BIm/Blo)+ c (CEm/CEo)+ d (RSm/RSo)+ e (STm/STo)+ f (BRm/BRo)+g (MIm/Mlo) + h (FUm/FUo)+ etc

where;

L= Labor, BI=Bitumen, CE=Cement, RS=Reinforcing Steel, ST=Stone, BR=Bricks, MI=Miscellaneous, FU= Fuel ]

Weighting or Coefficient A equals between 0.10 and 0.15 and, B (a+b+c+d+e+f+g+h+etc) equals between 0.90 and 0.85.

[insert figure] non-adjustable component (coefficient A)

[insert figure] adjustable component (**coefficient B**)

[The sum of **A+B** shall equal **ONE** (1). It is usual to have value of **A** between 0.10 and 0.15 and that of **B** between 0.90 and 0.85. Breakdown of **B** shall be provided in **Appendix to the Tender.]** 

[delete as appropriate]

The date of adjustment shall be the mid-point of the period of manufacture or installation of component or Plant.

The following conditions shall apply:

- (a) No price increase will be allowed beyond the original delivery date unless covered by an extension of time awarded by the Employer under the terms of the Contract. No price increase will be allowed for periods of delay for which the Contractor is responsible. The Employer will, however, be entitled to any price decrease occurring during such periods of delay.
- (c) No price adjustment shall be payable on the portion of the Contract price paid to the Contractor as an advance payment.

For complex plant supply and installation involving several sources of supply and/or a substantial amount of installation works, a family of formulas may be necessary, with provision for the usage of Contractor's equipment in the works formula.

Appendix 8. Functional Guarantees: As indicated in the Tender Document

#### 1. General

This Appendix sets out

- (a) the functional guarantees referred to in GCC Clause 43 (Functional Guarantees)
- (b) the preconditions to the validity of the functional guarantees, either in production and/or consumption, set forth below
- (c) the minimum level of the functional guarantees
- (d) the formula for calculation of liquidated damages for failure to attain the functional guarantees.

#### 2. Preconditions

The Contractor gives the functional guarantees (specified herein) for the facilities, subject to the following preconditions being fully satisfied: [List any conditions for the carrying out of the Guarantee Test referred to in GCC Sub-Clause 40.2.]

#### 3. Functional Guarantees

Subject to compliance with the foregoing preconditions, the Contractor guarantees as follows:

- **3.1 Production Capacity** [List here the production capacity that the Contractor is to guarantee, making sure to use, as functional guarantees, the figures offered by the Contractor in its tender]
- **3.2** Raw Materials and Utilities Consumption [List here the guaranteed items of consumption per unit of production (e.g., kg, tons, kcal, kWh, etc.) that the Contractor is to guarantee, making sure to use, as functional guarantees, the figures offered by the Contractor in its tender]

#### 4. Failure in Guarantees and Liquidated Damages

#### 4.1 Failure to Attain Guaranteed Production Capacity

If the production capacity of the facilities attained in the guarantee test, pursuant to GCC Sub-Clause40.2, is less than the guaranteed figure specified in para. 3.1 above, but the actual production capacity attained in the guarantee test is not less than the minimum level specified in para. 4.3 below, and the Contractor elects to pay liquidated damages to the Employer in lieu of making changes, modifications and/or additions to the Facilities, pursuant to GCC Sub-Clause 43.3, then the Contractor shall pay liquidated damages at the rate of *[amount in the contract currency]*.for every complete one percent (1%) of the deficiency in the production capacity of the Facilities, or at a proportionately reduced rate for any deficiency, or part thereof, of less than a complete one percent (1%).

#### 4.2 Raw Materials and Utilities Consumption in Excess of Guaranteed Level

[To be specified in the appropriate wording for the type of facilities if there are consumption guarantee]

BR R Alt Quest

If the actual measured figure of specified raw materials and utilities consumed per unit (or their average total cost of consumption) exceeds the guaranteed figure specified in para. 3.2 above (or their specified average total cost of consumption), but the actual consumption attained in the guarantee test, pursuant to GCC Sub-Clause 25.2, is not more than the maximum level specified in para. 4.3 below, and the Contractor elects to pay liquidated damages to the Employer in lieu of making changes, modifications and/or additions to the Facilities pursuant to GCC Sub-Clause43.3, then the Contractor shall pay liquidated damages at the rate of *[amount in the contract currency]* for every complete one percent (1%) of the excess consumption of the Facilities, or part thereof, of less than a complete one percent (1%).

[ The rate of liquidated damages specified in paras. 4.1 and 4.2 above shall be at least equivalent to the rate specified in Section 3 (General Conditions of Contract) for the comparison of functional guarantees provided by the Tenderers ]

#### 4.3 Minimum Levels

- Notwithstanding the provisions of this paragraph, if as a result of the guarantee test(s), the following minimum levels of performance guarantees (and consumption guarantees) are not attained by the Contractor, the Contractor shall at its own cost make good any deficiencies until the Facilities reach any of such minimum performance levels, pursuant to GCC Sub-Clause 43.2:
  - (a) production capacity of the Facilities attained in the guarantee test: ninetyfive percent (95%) of the guaranteed production capacity

and/or

(b) average total cost of consumption of all the raw materials and utilities of the Facilities: one hundred and five percent (105%) of the guaranteed figures.

#### 4.4 Limitation of Liability

Subject to para. 4.3 above, the Contractor's aggregate liability to pay liquidated damages for failure to attain the functional guarantees shall not exceed [ the percentage specified shall not exceed ten percent (10%)]. percent ( . . . %) of the Contract price

|---|-----------------------------|
| Tender Package No   | [indicate Package No]       |
| This Package is divided into the following Number of Lots | [indicate number of Lot(s)] |

#### General

- 1. The Price Schedules are divided into separate Schedules as follows:
  - Schedule No. 1: Plant (including Mandatory Spare Parts) Supplied from Abroad
    Schedule No. 2: Plant (including Mandatory Spare Parts) Supplied from within the Employer's Country
    Schedule No. 3: Design Services
    Schedule No. 4: Installation and Other Services
    Schedule No. 5: Grand Summary
    Schedule No. 6: Recommended Spare Parts
    The Schedules do not generally give a full description of the plant to be supplied and the
- 2. The Schedules do not generally give a full description of the plant to be supplied and the services to be performed under each item. Tenderers shall be deemed to have read the Employer's Requirements and other sections of the Tender Document and reviewed the Drawings to ascertain the full scope of the requirements included in each item prior to filling in the rates and prices. The entered rates and prices shall be deemed to cover the full scope as aforesaid, including overheads and profit.
- 3. If tenderers are unclear or uncertain as to the scope of any item, they shall seek clarification in accordance with ITT 9.1 prior to submitting their tender.

#### Pricing

4. Prices shall be filled in indelible ink, and any alterations necessary due to errors, etc., shall be initialed by the Tenderer.

As specified in the Tender Data Sheet and Special Conditions of Contract, prices shall be fixed and firm for the duration of the Contract, or prices shall be subject to adjustment in accordance with the corresponding Appendix (Price Adjustment) to the Contract Agreement.

5. Tender prices shall be quoted in the manner indicated and in the currencies specified in the Instructions to Tenderers in the Tender Document.

For each item, tenderers shall complete each appropriate column in the respective Schedules, giving the price breakdown as indicated in the Schedules.

Prices given in the Schedules against each item shall be for the scope covered by that item as detailed in Section 6 (Employer's Requirements) or elsewhere in the Tender Document.

- 6. Payments will be made to the Contractor in the currency or currencies indicated under each respective item.
- 7. When requested by the Employer for the purposes of making payments or partial payments, valuing variations or evaluating claims, or for such other purposes as the Employer may reasonably require, the Contractor shall provide the Employer with a breakdown of any composite or lump sum items included in the Schedules.
